READ CAREFULLY BEFORE ORDERING

I will replace leaves and plants that do not reach you in good condition, if notified immediately. I cannot be responsible for what happens after you receive them, however, as I have no control over their growing conditions there. If you lose some of the leaves through propagation (not my fault) I will be glad to replace them free with future orders.

Leaf orders received by February 15th will be rooted at no extra cost and shipped in April or May as the weather permits and in the order received.

Rooted leaves will have small plants attached except for a few varieties of limited supply. I may have to send just a well rooted leaf or substitute another variety of the same or higher price. I will not substitute unless absolutely necessary, but do list a few extras so that I won't duplicate something you already have. These also help me in selecting gift leaves.

Orders of \$3.50 or more are postpaid. Under \$3.50, please send 50¢ to help pay postage and packing.

I will start shipping about April 15th or later - whenever the weather permits.

I send all orders "Special Handling" unless you request otherwise. Air Mail and Special Delivery are extra on all orders.

My plants are state inspected and declared free of diseases and insects. Come and see them when you are in Sheridan. Please call first. My phone number is 2010 J. I also sell blooming plants here in my home.
